TOM CORBETT'S RECORD OF PROTECTING SENIORS:

- ✓ **Reduce Property Taxes:** Tom Corbett will make property tax reduction a priority. He supports the reduction or elimination of property taxes and is reviewing best practices nationwide which would result in the greatest impact for Pennsylvania property owners - especially our seniors.
- ✓ **Elder Abuse Unit:** Tom Corbett created the Elder Abuse Unit in the Office of Attorney General, which helped Pennsylvania to become a national model in the protection of senior citizens from the growing threat of elder fraud and abuse.
- ✓ **Protect the Lottery Fund:** As Governor, Tom Corbett will assure that the lottery fund, which is a vital source of funding for senior programs such as PACE, is used exclusively for its intended purpose of benefiting older Pennsylvanians.
- ✓ **Enable seniors to stay in their own homes:** In order for senior citizens to stay in their own homes as long as possible, Tom Corbett will rebalance and reprioritize Medicaid spending and consider using lottery fund surpluses to support Home-Based Institutional Care to provide access to safe and appropriate care and services.
